

These mail bags would be filled with written correspondences addressed throughout the nation. Railway Post Office clerks sorted the mail as the train sped towards its destination.

Your membership will allow us to pursue our efforts to produce an interactive museum of Smithsonian quality; continue ongoing restoration efforts of our railcars, as well as the cost and research, construction, maintenance, and acquisition of artifacts within the displays, exhibits, and galleries.

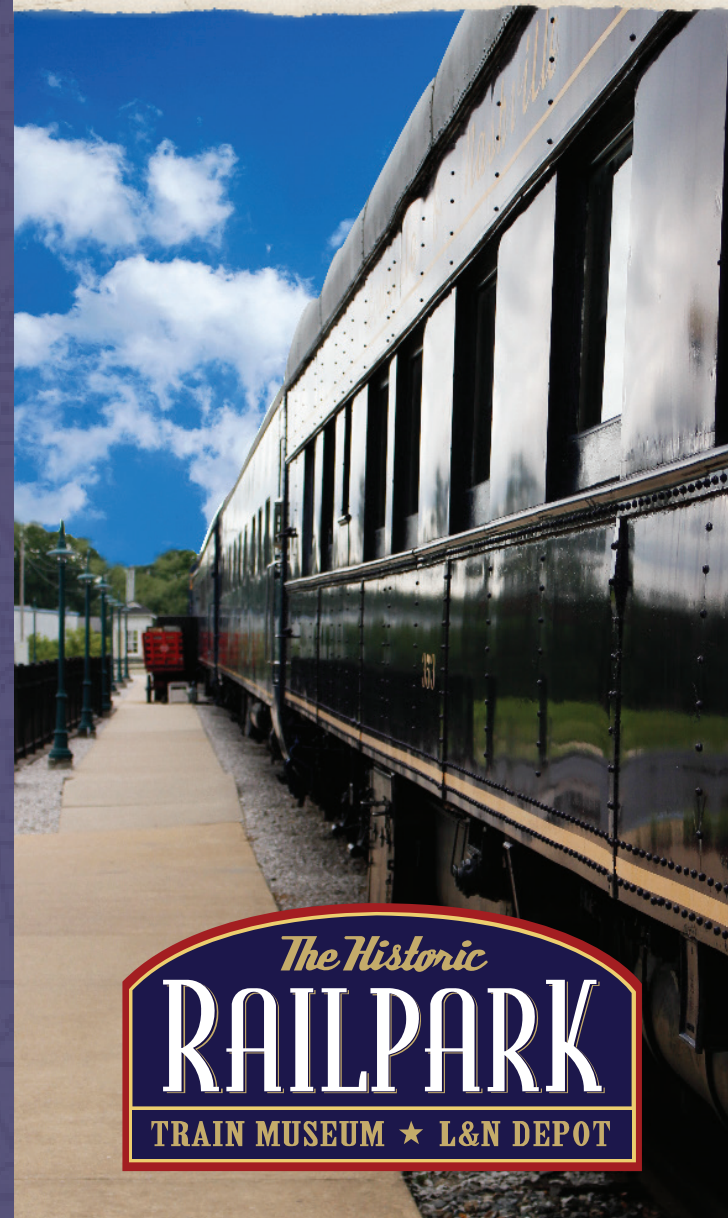

The L&N Presidential Car was built at the South Louisville Shops in 1911. It is made of wood and a steel exterior sheeting that was added in 1942.
